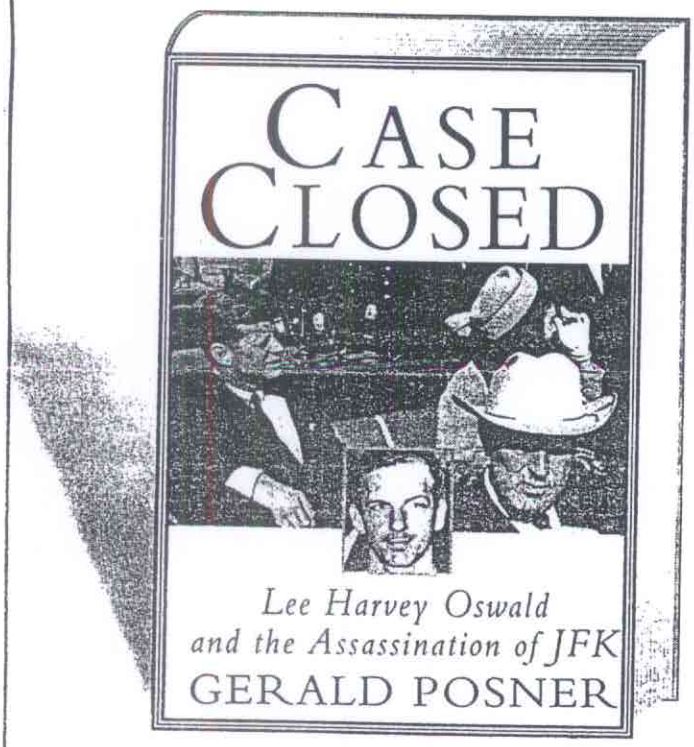
ONE MAN.
ONE GUN.
ONE INESCAPABLE CONCLUSION.



REVEALED:

- New information from Oswald's still-classified KGB file — and an exclusive interview with the agent assigned to him after he defected to the Soviet Union
- Indisputable evidence from new computer enhancements of the Zapruder film, of how many shots were fired and at precisely what time
- Conclusive ballistics and medical proof of the "single bullet" theory
- New facts showing why the multitude of conspiracy theories are false or unsupported by credible evidence
- An unsettling look at how the FBI and the CIA compromised the Warren Commission Report by withholding vital information
